SDKP-EOS-SDN-QCC Declaration Charter (SESDQDC)

The Unified Scientific, Navigational, and Temporal Verification Protocol

Donald Paul Smith - Father Time

Scan to verify: fathertimesdkp.blockchain/records/2025-05-18

Abstract

This Declaration Charter formally integrates the core scientific principles-SDKP (Scale-Density-Kinematic Principle), EOS (Earth Orbit Speed System), SD and N (Shape-Dimension-Number Principle), and QCC (Quantum Code of Creation)-into a unified, timestamped protocol. Authored and validated by Donald Paul Smith, known as Father Time, this document serves as a formal guide, verification record, and applied reference for time-governed systems and navigation through space, physics, and quantum fields.
